California statutes authorize state agencies to maintain the security of their licensing examinations. Section 123 of the Business and Professions Code states:

"It is a misdemeanor for any person to engage in any conduct which subverts or attempts to subvert any licensing examination or the administration of an examination..."

Conduct that subverts or attempts to subvert a licensing examination includes:

- removal of examination materials from the examination room;
- unauthorized reproduction of any and all portions of a licensing examination;
- acquisition of examination materials before, during, or after the examination;
- preparation or instruction of applicants for the examination with the aid of examination material;
- paying or using professional examination takers to reconstruct any portions of a licensing examination;
- buying, selling, or receiving future, current, or previously administered examination materials;
- communicating with other candidates during the examination or permitting one's answers to be copied by another candidate;
- impersonating another candidate or having another person take the examination on one's behalf.

A person found guilty of any of these acts is liable for damages sustained by the agency administering the examination in an amount not to exceed \$10,000, plus the costs of litigation. In addition, a board may deny, suspend, revoke, or otherwise restrict the license of an applicant or a licensee who has violated the above.
